St Gregory's Catholic Primary School

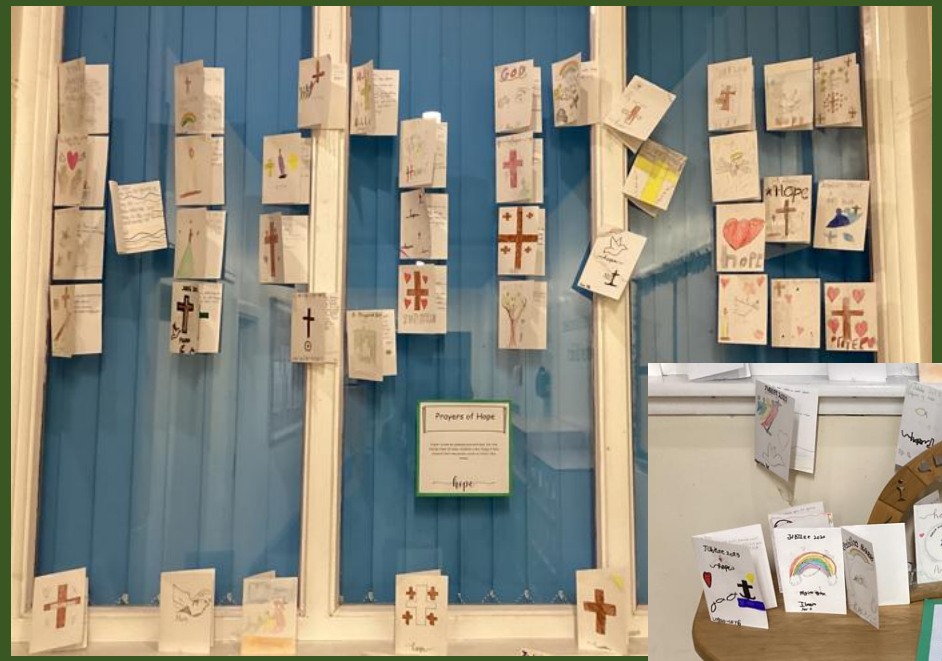

Autumn 1 2025 RE

Loving all, like Jesus, we flourish together

The Jubilee Year of Hope, is a year of forgiveness, reconciliation, and renewal for Catholics worldwide. The Jubilee invites people to rekindle hope, become reconciled with God and one another, and renew their commitment to justice and care for creation, inspired by Jesus' mission of salvation.

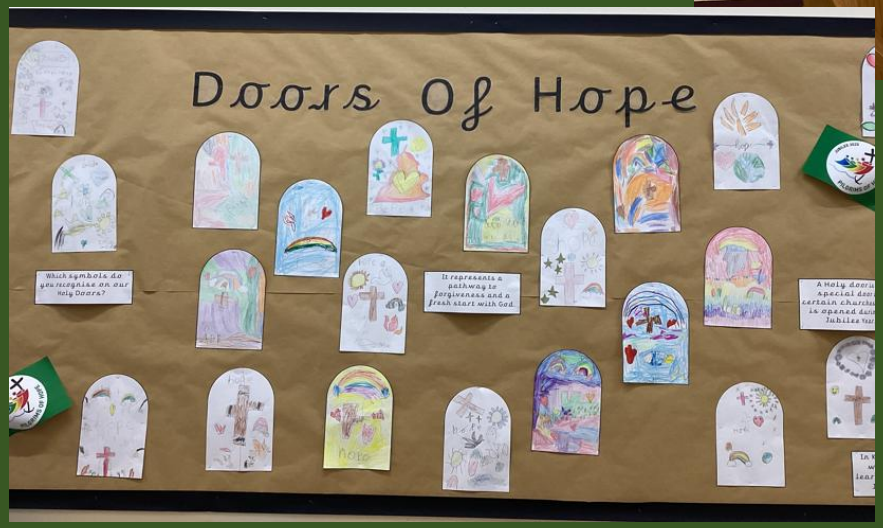

As a school we have thought about our personal, local and world wide hopes.

Prayers of Hope

Tree of Hope
The whole school has spent time thinking about Hope. We have talked about our personal hopes, our hopes for our local community and our hopes for the world. We have then created this wonderful Jubilee Hope Tree.
Can you remember what your hope was?
hope

Doors Of Hope
Which symbols do you recognise on our Holy Doors?
It represents a pathway to forgiveness and a fresh start with God.

JUBILEE 2025
PILGRIMS OF HOPE

In Reception, we have been learning all about God's wonderful world. We have learnt how God made the world and everything in it, and recognised that His creation is good. We went on a hunt around school together to find photos of God's wonderful creation and worked together as a team to make our own mural to celebrate it. We have also learned that God made each one of us, loves us all as unique individuals, and welcomes us into His family through Baptism. The children loved sharing their own Baptism photos and enjoyed role playing a Baptism, taking it in turns to be the parents, Godparents and the Minister. To show our thankfulness, we created a gratitude tree filled with the things we thank God for, and we have been learning to join in with the words and actions of the Sign of the Cross.

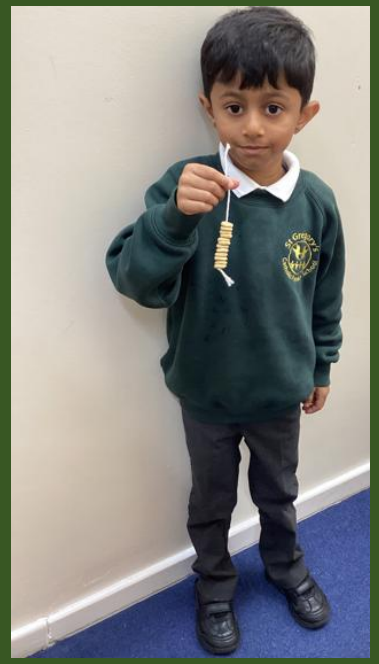

In Year 1, we have been learning about the beauty of creation and have enjoyed making bird feeds to show how we care for the world.

In Year 2 , we have performed psalms that we created to say thankyou for God's creation. We used God's creation to create some abstract natural art work.

In Year 3, the children have spent time reflecting on the blessings that creation has given them. They have explored Ecological Virtues and Catholic Social Teaching in relation to how we are Stewards of the Earth. They created questions based on the virtues and we created a paper chain.

In Year 4, we have been learning about God's covenant with Abraham. We have focused on the virtues of faith, hope and love. We have done this through a variety of different activities including creating star mobiles about the covenant as well as freeze frames and role plays depicting how Abraham would have felt about what God asked of him. We've also spent time researching Cardinal Manning and how he lived his life through the three virtues too.

In Year 5, we have learnt about Moses, the Burning Bush, and the Ten Commandments. We have explored God's covenants, how rules guide good living, and how Jesus' teaching to love God and others inspires kindness and moral choices today. We enjoyed making our 'Covenant Quest' games.

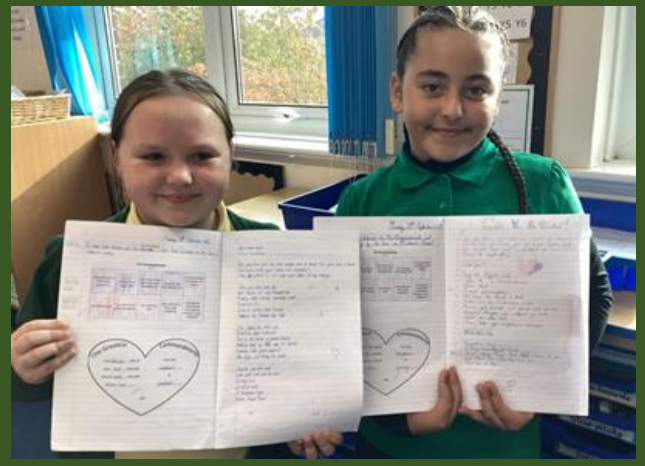

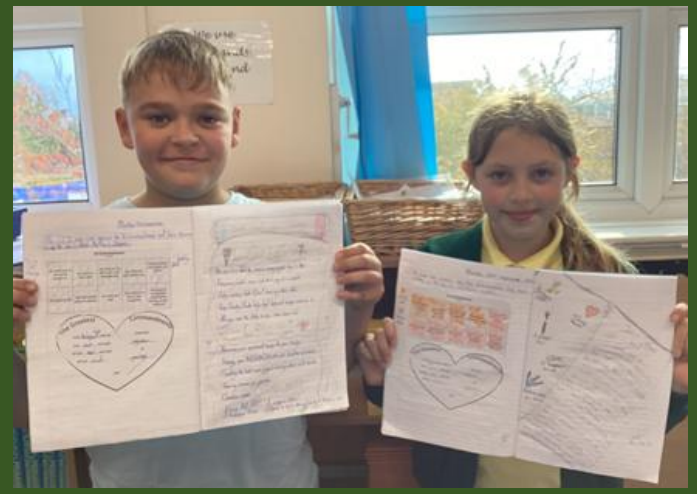

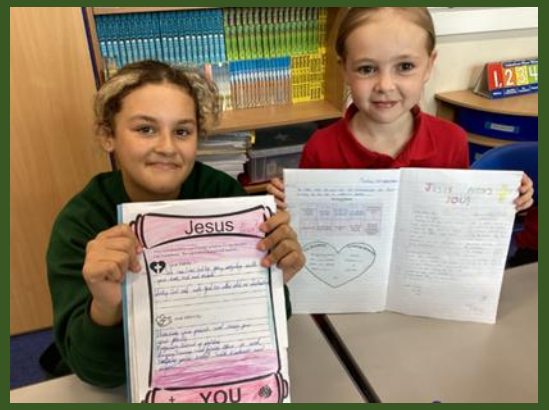

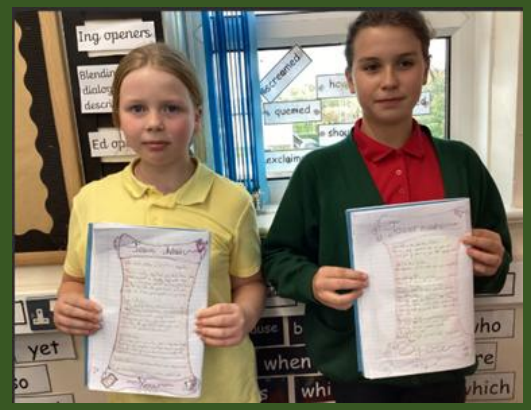

In Year 6, we have made links between the Ten Commandments and Jesus' summary of the law in Matthew's Gospel. Check out some of our job descriptions for a new Christian, writing down ways that someone could love God and love others.

Creation and Covenant

As part of our learning in RE this half term, the children have been thinking about how they can make a real difference today — showing **love** not just in words, but **in action**. **Together**, we have decided that our purposeful end point (PEP) will be to collect items for our local homeless centre - The Foxton Centre, in Preston - supporting those in our community who need a little extra **care** and **kindness**.

This is a meaningful opportunity for us to live out Jesus' teaching to **"love your neighbour as yourself" (Mark 12:31)**. By giving from the **heart**, we are putting our **faith into action — serving others, showing empathy**, and recognising the **dignity** of every person.

Here is our whole school RE display with work from every class this half term.
