Year 4 Multiplication Tables Check

What is the Multiplication Tables Check?

The Multiplication Tables Check (MTC) is a short, online test for all Year 4 children in England.

It checks how quickly and accurately your child can recall their multiplication tables facts up to 12 × 12.

How does it work?

- The test is completed on a device.
- There are **25 questions.**
- Children have **6 seconds** to answer each question.
- The questions are in a random order and can be on any of the times tables up to 12 × 12.

Why is it important?

- Helps children become confident and fluent with their times tables.
- Supports success in future maths learning.
- Builds quick recall, which is useful in everyday life.

When does it take place?

The check usually takes place in **June** for Year 4 children. We will let you know the exact dates nearer the time.

Access arrangements

There are several access arrangements available for the check, which can be used to support pupils with specific needs. Your child's teacher will ensure that the access arrangements are appropriate for your child before they take the check in June.

How can you help at home?

The best way to support your child is to help them practise their times tables regularly in short, fun sessions.

MathsShed

Children can practise their times tables on MathsShed using fun games and activities.

On MathsShed your child can:

- practise all times tables up to 12 × 12
- play fun, interactive games
- build speed and accuracy
- track their progress

Just a small amount of regular practice can make a big difference and help your child feel confident in the check!
